

Room for you.

## Dishwasher installation service for Koas tenant

The tenant is responsible for the order and costs.

**Elvi Oy Talotekniikka** order and price inquiries:

tel. +358400 180001, asiakaspalvelu(at)elvitalotekniikka.fi

**360 Palvelut** order and price inquiries:

from the customer service number +358 443 360 360, e.g. dishwasher installation or lamp replacement. When replacing the light fixture, the resident must be aware that the same task will be done before moving out - reinstalling the original light fixture!

Dishwasher installation conditions: cabinet disassembled and place ready for installation, drain pan ready, package disassembled, and resident takes out the trash, with type-approved parts procured by the tenant himself: model Aris clamp 24-28mm and brass 1/2x3/4 Conversion nipple e.g. Nito

The plastic nipples that come with the machine will not last. The installation includes a trial run.

### **TL-Maint:**

Dishwasher installations from Cateva starting at €76 (incl. VAT 24%) include one hour work. Overtime working time is billed separately at €28.5/0.5h.

Possible extension hoses, clamps and conversion nipples are invoiced separately.

Do not put the machine in place so that the condition of the hoses can be checked.

Empty the sink cabinet, remove the plastic packaging from the machine and make sure that the drain tray is in place.

Work orders: teppo.romo(at)cateva.fi

Include billing information in the work order and a phone number to arrange an installation time.

---

NB. When moving out, the resident is responsible for removing the machine, plugging the water points, and putting the cabinet back together. For removing the dishwasher and plugging, you can again ask the service and the price for your own invoice from the maintenance company of your own building.
